

CLASSROOM PRESENTATIONS

Finding sympathetic teachers can open up many opportunities in the school. This includes classroom presentations or an assembly presentation (such as for Memorial Day, or Martin Luther King Jr's birthday). Be creative with the presentations which can incorporate drama, music, panel discussion, debates, historical or informational workshops. Invite a military recruiter to join you in talking over the issues (although don't be surprised if they don't show up).

Speakers can be called upon from the Veterans Speakers Project

Students can pass out the Opt Out forms during homeroom, and **Addicted to War** can be part of the history curriculum. The Arlingtonwest documentary can be part of a classroom presentation, with the writing survey or quick writes.
